

DRUG FACTS VS. MYTHS

In this worksheet, you'll identify facts vs. myths regarding a question you have about drugs. (Steps 1 and 2 you'll do in class and at home; use extra paper as necessary.)

Step 1: QUESTION

Identify a question you have about drugs:

Step 2: SURVEY

Ask the question of different people, and record their answers:

Me:

Classmate(s):

Family member(s):

Other person(s) outside of class:

Step 3: RESEARCH THE FACTS

Consult teens.drugabuse.gov to get factual answers to your question in Step 1. (Make sure to cite your sources.)

Step 4: IDENTIFY MYTHS

Based on responses you gathered in Step 2, what misinformation (myths) did people have with respect to your question?
